

CURRICULUM VITAE Pascal DEMOLY

Pascal DEMOLY, MD, PhD is a chest physician and allergologist at the University Hospital of Montpellier, France. He qualified from the Montpellier School of Medicine in 1992 and was trained in both allergy and chest medicine at the same university, where he is Professor of Pulmonology since September 2002.

Professor Demoly is now head of the clinical department of allergology and responsible for the allergy teaching programme of the University of Montpellier, France. He is also actively involved in basic science, related to the pathophysiology of drug allergy.

Professor Pascal DEMOLY is a member of various medical societies and currently the president of the European Network for Drug Allergies, the EAACI Interest Group of Drug Allergy. He has been an expert of various European grants and World Health Organization initiatives : International consensus on specific immunotherapy (1997), Allergic Rhinitis and its Impact on Asthma (1999-current), InterAirways (2007-current).

He is at the editorial boards of some French and European journals (Allergy, European Journal of Allergy and Clinical Immunology, Journal of Investigational Allergology and Clinical Immunology). He has written numerous publications and chapters of allergy, asthma and immunology and has lectured in several local and international conferences.
